

AGA is the premier association for advancing government accountability.

Volume 15-08 April 2016

President's Message

With spring in full bloom I cannot help but think how similar the strength of our local AGA chapter is to spring. It is a season of renewal and growth. We have openings on our board for you, and we hope you will step into this opportunity for personal and professional growth. The strength of the Seattle chapter truly is dependent upon the membership and our combined talents and experience. As life has a way of doing, it has created changes for some of this year's board members and a couple needed to focus their time elsewhere for now and another went happily into retirement and out of government service. This means in order for our chapter to maintain its vibrancy and growth we need others to fill these positions.

Board service really has minimal time requirements. If you are outside the downtown Seattle area, you can call in for our board meetings from wherever you are located. We have an annual board meeting (coming up in May) one weekend day a year where we do meet in person, and there are many opportunities to bring your personal touch to our chapter. Currently the monthly chapter meetings are located in downtown Seattle, but we hope a chapter member will help us look into ways to make these available to others located elsewhere. We do not want the location to hinder attendance at these CPE meetings. Last year we were able to make these meetings available over the internet and that worked well for those who are not located downtown. We would like to explore making this a more permanent option. Can you help us?

An email has recently been sent out shortly to our membership letting you

Diane MaKaeli, Chapter President

know what the different board positions are and what they entail. Please consider nominating yourself and/or a coworker to join the Seattle AGA board. It is such a rewarding experience.

April is National County Government Month! A special thank you to all of you in county government for your service to our communities. Accountability professionals in government are so important to building and maintaining the trust of the public. Thank you for meeting this very important role and giving us all so much to be proud of!

April 25 and 26 is fast approaching. This year's annual WSCPA/AGA conference is sure to meet your diverse CPE needs and is such an amazing opportunity for networking and professional growth. If you have not
