

Greetings!

Our October dinner meeting was a great success! The food and service at the American Tap Room in Bethesda provided the perfect setting for Mr. Scott Bell, Senior Staff Accountant within the Department of Treasury, to update our members and guests on the FY 2017 Financial Report of the US Government. Mr. Bell also discussed the Treasury Department's citizen's reporting re-design (Citizen's Guide 2.0) that will help deliver complex US financial data in a way that is simple, educational, and accessible to a broad audience. I thank Mr. Bell for his insightful presentation.

Please join us on Giving Tuesday (November 27) to help feed the hungry in Montgomery County. Giving Tuesday is the Tuesday after Thanksgiving. It is known as the biggest giving day of the year for nonprofit organizations. On this day, volunteers and donors give back to their communities in a HUGE way! We will meet at Manna Food Center in Gaithersburg at 7 pm to pre-sort and pack food into boxes for distribution to people in need. Family and friends are welcome to attend. Register and learn more by visiting our website at www.marylandaga.com.

"Life's abundance has no limit, and gratitude is what keeps that abundance flowing."

During this season of Thanksgiving, I have been reflecting on the things I am most grateful for in my life. Primarily among them is our talented group of members. Thank you for all that you do to advance government accountability and serve our local communities. Without your commitment, creativity, and high standards, we would not be the thriving chapter we are today. I wish you a Thanksgiving filled with abundance and cheerful moments.

Have a safe and enjoyable holiday!

Erica N. Williams, MPA
Chapter President

Federal Accounting Standards Advisory Board (FASAB)

October 4, 2018—FASAB Issues Statement of Federal Financial Accounting Standards 56, *Classified Activities*

SFFAS 56 balances the need for financial reports to be publicly available with the need to prevent the disclosure of classified national security information or activities in publicly issued General Purpose federal Financial Reports (GPFFRs).

This statement permits:

An entity to modify information required by other standards if the effect of the modification does not change the net results of operations or net position;

A component reporting entity to be excluded from one reporting entity and consolidated into another reporting entity, and the effect of the modification may change the net results of operations and/or net position;

An entity may apply Interpretations of this Statement, that allow other modifications to information required by other standards, and the effect of the modifications may change the net results of operations and/or net position.

For more information, go to: fasab.gov.

October 15, 2018—FASAB Issues an Exposure Draft on *Materiality*

The Board is proposing concepts regarding the application of materiality in the federal financial reporting environment. This concepts statement would (1) provide materiality concepts, (2) specify the scope of materiality, and (3) list factors to consider when applying materiality.

Respondents are encouraged to respond to the specific questions contained in the exposure draft and provide the reasons for their positions. Comments to the exposure draft are due by January 23, 2019. The exposure draft in PDF format and the specific questions raised in Word format are available at the FASAB website (<http://www.fasab.gov/documents-for-comment/>).
