Welcome to the February edition of the Washington Connection! In this month's edition of the newsletter, we have information on the up-coming training opportunities and conferences, including:

- The National Leadership conference on February 18-19;
- The AGA's intensive review course to obtain the CGFM certification (which is also becoming a source of new members for the AGA DC Chapter) on March 2-4;
- The JFMIP Federal Financial Management Conference on March 23; and

In the Inside the Black Box, Simcha Kuritzky, brings us a technical article on the unavailable funding life cycle. Also, look for information on our mentoring program (which had a very successful kick-off last January) in the Mentor Program section of this letter.

President's Message

by **Kim Farington**

Dear Chapter members,

We are off to a great start this New Year, with another month of exciting activities held in January. We started the month of January off with a joint member service event watching the Capitals take on the Montreal Canadiens on January 5th. This event was co-sponsored with the Northern Virginia Chapter and 40 AGA members and guests enjoyed watching as the Capitals overcame the Canadiens by a score of 4 to 2. Be sure to join us for our next Member Service event, celebrating the Chinese New Year on February 16th.

We also held our January luncheon on January 20th at Clyde's. Mr. John Tangherlini, Assistant Secretary of the Treasury for Management, Chief Financial Officer, and Chief Performance Officer, was our featured speaker. We had 140 members attend the luncheon where Mr. Tangherlini shared his insights on his topic of "The Evolving Role of Financial Management in Local, State and Federal Government." Be sure to register for our next luncheon on February 17th. We will be hearing from Phyllis K. Fong, who will share her thoughts as

Chairwoman of the Council of Inspectors General on Integrity and Efficiency (CIGIE).

During our January luncheon, we decided to postpone our Make-a-Wish Foundation community service event to instead focus our efforts on helping those in need in Haiti after the devastating earthquake. As a result of member contributions, we raised \$1,200 for the UNICEF - Haiti Relief Fund. Thank you for your contributions!

In January, our members enjoyed another networking opportunity. Our last reception was held at the University Club of Washington DC. This event, too, was sold out and a success! We are planning to hold another networking reception in March. As soon as the details are finalized, we will send members an email with the details and also post the details on our website.

Another success last month was the Mentoring kick-off held on January 13th. Close to fifty mentors and mentees gathered for the meet-and-greet. We actually had many mentors who themselves also became mentees at the event. Mentoring pairs were released just last week. If you haven't received your mentoring partner, please contact Doug Glenn at douglas.glenn@gsa.gov. Thank you to Doug for leading this fun and important effort!

President's Message

Cont'd.

On the educational front, thanks to our corporate sponsors, the DC Chapter was able to offer a free one day training event on "Assessing the Quality of Performance Information and Performance Reports." Be sure to sign up for our next audio conference scheduled for February 10th entitled "Understanding IT Audits for Program Managers and Auditors."

With it being Valentine's month, I would like to close by thanking you for your relationship with the DC Chapter of AGA. It is because of our members, our volunteers, and our corporate sponsors that we are able to provide such wonderful chapter events that are both educational and enjoyable. In the spirit of the Winter Olympics, your continued support will help make this year a perfect "10" in 2010!

Sincerely,

Kim Farington

Unavailable Funding (Account 4630) Life Cycle

Background

The Standard General Ledger (SGL) Board guidance sets the rules for recording transactions in SGL accounts and explains many of the reasons for particular postings. However, it would be a mistake to think that the Transaction Listing is exhaustive or complete. The total universe of possible entries is just too large for anyone to completely innumerate them. One example of an SGL Account that fell through the cracks is 4630 Funds Not Available for Commitment/Obligation.

What's There

There are seven transactions in the SGL Transaction Listing that include account 4630 which fall neatly into three groups: anticipations, adjustments, and closing.

When collections or recoveries are initially anticipated, the anticipated resource (4310 Anticipated Recoveries of Prior-Year Obligations in A138, 4060 Anticipated Collections from Non-Federal Sources or 4070 Anticipated Collections from Federal Sources in A140) is debited. If the amounts are to be apportioned, account 4450 Unapportioned Authority is credited and then this amount is apportioned to 4590 Apportionments - Anticipated Resources - Programs Subject to Apportionment by entry A118. If OMB does not apportion the amount, then account 4630 is credited (both 4630 and 4450 are reported on the same line of the SF-133 and Statement of Budgetary Resources--SBR). This amount can be adjusted at the end of the year if the balance of 4630 goes negative (due to collecting more than anticipated) by posting the identical entry in F116. However, no mention is made of reducing the balance of 4630 as collections occur or by future apportionments by OMB.

The adjustments listed in entries D573 and D575 are only used in the Exchange Stabilization Fund to record changes in the exchange rate for foreign currency. The offsetting budgetary account is 4295 Revaluation of Foreign Currency in the Exchange Stabilization Fund. Since this entry is specific to a special fund, I won't discuss it any further.

At year end, any balances remaining in 4630 are closed to account 4450 for unexpired funds (entry F308) or 4650 Allotments - Expired Authority for expired funds (entry F312). This posting has no impact on the SF-133 or SBR, since all three accounts are reported on the same line. This implies the funding in account 4630 either is not special, which is to say any special characteristics it has go away at year end.

What's Not There

If account 4630 only represents funds that are not available only because they are anticipated, then when the actual collection takes place, they should be transferred to 4510 Apportionments. If account 4630 instead represents funds that are not available until OMB apportions them, then a new entry to debit 4630 and credit 4510 should be added to the Transaction Listing.

Member Services

AGA Member Services kicked off the New Year with two fun and exciting events in the month of January. On Tuesday, January 5 a group of AGA DC and NOVAGA members attended the Washington Capitals game as they beat the Montreal Canadians, 4-2. In addition to that, we also held another, successful Networking Reception on Thursday, January 21 at the University Club. Once again, we had a great turnout and an overwhelming response. We plan to have a couple additional Networking Receptions in the upcoming months, so please keep an eye out for announcements and RSVP quickly as these events fill up fast. During the month of February, we will be hosting our Annual Chinese New Year Dinner. AGA National Past President Sam Mok will be in attendance and will say a few words to the guests. The dinner will be held on Tuesday, February 16 at 6:00pm at China Garden in Rosslyn, VA. The cost is \$25 per person and this cost includes dinner, nonalcoholic beverages, tax and tip. You may pay at the door by cash or check, or online through the DC Chapter Website by credit card. RSVPs will be accepted until February 10. We hope to see you there!

Community Service

In February, The AGA DC Chapter is continuing our tradition of supporting the Volunteer Income Tax Assistance Program (VITA). The VITA Program offers free tax help to low- to moderate-income (\$37,000 and below) people who cannot prepare their own tax returns. Volunteers sponsored by various organizations receive training to help prepare basic tax returns in communities across the country. VITA sites are generally located at community and neighborhood centers, libraries, schools, shopping malls, and other convenient locations. Most locations also offer free electronic filing.

AGADC Mentor Program

Mentors have had a direct and positive influence on my career throughout the years and have probably helped you in one way or another as well.

The Washington DC chapter of the Association of Government Accountants is organizing a mentorship subcommittee and is looking for volunteers to serve as a mentor. The time requirements and format for mentoring are flexible. It could take as little 1 - 2 hours a month and be conducted via email, phone, Facebook, happy hour, or whatever venue you and your mentee find appropriate (e.g., at the local polka festival). This is your opportunity to "pay it forward" and positively impact the career of someone else.

If you are interested in serving as a mentor, please contact **Douglas Glenn** at 202-501-0562 or Douglas.Glenn@GSA.Gov.

A word from the 2008-2009 Member-Get-A-Member Recruiter of the Year...

"My experience as a member of AGA has been very rewarding. I have had the opportunity to meet and network with numerous people from different agencies within the government as well as the private sector. I have attended a number of AGA PDCs and local luncheons over the last few years and have met and learned a lot from the various speakers and a wide range of subject matter that has impacted my life professionally and personally and many levels. And I cannot forget about the educational, professional and certification opportunities AGA provides.

Those experiences prompted me to become more active as an AGA member. In 2004, I became the Director of Membership for my chapter, Regional Co-coordinator for the Ohio-Michigan Region, as well as a member of the AGA Ethics Review Board. I encourage anyone who is on the fast track to advance in their careers to join AGA because 'membership does have its benefits.'"
