## **Extensions of CPA Examination Credit Window and Continuing Professional Education Deadline**

---

Dear licensees and CPA exam candidates,

Please be advised that the Division has issued a Rule Waiver ([DCA-W-2020-17](#)) temporarily extending until December 31, 2020, the expiration of certain exam credits for the multi-part Certified Public Account Exam (CPA Exam). Additionally, DCA-W-2020-17 extends until June 30, 2021, the deadline for licensees to complete continuing professional education (CPE).

The Division takes this action today due to the COVID-19 pandemic and difficulties CPA Exam candidates have faced – and continue to face – in sitting for the multi-part CPA Exam within the required 18-month window, and the challenges licensees have experienced obtaining CPE credits. Under the order, candidates' exam credits that expire between March 9, 2020, and December 30, 2020, will be extended to the new December 31, 2020 deadline. Additionally, the order extends – from December 31, 2020, to June 30, 2021 – the deadline by which Board-licensed certified public accountants and public accountants must complete 120 CPE credits. This order takes effect immediately.

We at the Division recognize the many challenges our licensees face during this difficult time and thank you for the work you do to serve the public.

Sincerely,

Paul R. Rodríguez  
Acting Director  
Division of Consumer Affairs  
New Jersey Department of Law and Public Safety

# E-mail Scam Alert

Messages like this have been reported by many AGA chapters in the past few days:

*Hi [Board member name],*

*I need you to handle this as soon as possible: I need you to purchase a gift card as we have some charity donations to make today. Please let me know when you are ready for the details.*

*P.S: I'm busy at the moment and can't talk but will lookout for your reply.*

*Regards,*

*[Chapter President Name]*

**So what can we do to keep our chapters safe? The answers are simple —internal controls and website security!**

## Internal Controls

If you receive a suspicious email, pause and rely on your instincts and internal controls. Here are a few tips we've found, especially in this article from the Federal Trade Commission (FTC):

- 1. Double-check the email address.**
- 2. Hover over the email address to make sure the address in the tool-tip matches the email address in the "from" field.**
- 3. Forward the message to the known email address of the officer requesting payment (i.e., if they use their work email, but the message is from a personal email address, use the one you're familiar with).**
- 4. Pick up the phone! Directly contact the person (e.g., an AGA chapter member) who "appears" to be requesting funding, information, etc., before quickly responding to an email — or, worse yet, opening an attachment.**
- 5. Do not reply to the email address. This will confirm for the scammer that the email address is live and can result in follow-up contact.**
- 6. Does the sender seem pressed for time? Don't feel rushed simply because of an "urgent" email. A minute of caution can save thousands of dollars.**
- 7. Do your own typing. If someone sends you a link or phone number, don't click. Use your favorite search engine to look up the website or phone number yourself.**
- 8. Report phishing emails and texts. The aforementioned FTC article tells you how.**

## Website Security

Many AGA chapters have been hit by phishing scams like the one described at the beginning of this article. Sophisticated scammers use "bots" to scan public websites for email addresses, then use the addresses to contact their targets. So, leverage the web tools at your disposal to implement these safeguards:

- 1. Use links! Ensure that you link to email addresses on your website rather than writing them out, as we've done in this sentence. If you have an AGA-hosted website, refer to the "Working with Documents and Links — Link to an Email Address" section of the user guide.**
- 2. Update your leadership roster settings. You can change the leadership rosters so you have options for the way you want to display them:**
  - 3. Internal controls. Establish, and use, your internal controls.**

In an uncertain world,  
**be certain of what  
you know.**
