ABOUT THE AGA AUSTIN CHAPTER

1

WHO WE ARE

The Austin Chapter is a member organization of AGA, a national association which connects and empowers professionals who support all levels of government to advance good government initiatives, grow their expertise, and accelerate their careers. As a chapter, our goals are to instruct, train and inform government financial managers in accounting, auditing, budgeting, systems, and financial management. This continuing education process will provide for the professional development of government financial managers so that they may better serve the public.

A Message From the Chapter President

The AGA Austin Chapter advances leadership across all levels of government, endeavors to help government accountability, provides service, and stands on the premise of service, integrity and leadership. We participate in community service efforts across the Austin community. We host monthly luncheons, offering continuing professional education (CPE) that help shape the professional development of federal, state, and local employees across the region. We are committed to the cause of the organization and are seeing continual growth in membership and will continue to strengthen our chapter with these efforts into the new program year.

Our Mission

The AGA Austin Chapter is dedicated to foster learning, certification, leadership and collaboration for professionals and stakeholders committed to advancing government accountability

Our Vision

AGA is the premier association for advancing government accountability. AGA defines government accountability as a government's obligation to the people for its actions and use of resources

HOW ARE WE DOING?

We are thrilled to share the incredible progress and achievements that the Chapter has made over the past year. Thanks to the unwavering support of our members and extensive efforts of the Chapter Executive Committee, we have been able to provide a number of educational opportunities to achieve our mission. From our CPE luncheons to community engagement, we have so much to celebrate and be proud of.

Over the past year, we hosted a series of CPE events aimed at promoting governmental accountability. A special thanks to our speakers who donated their time to further our mission. Additionally, our Blue Santa toy drive and St. Louis Catholic Church and School food drive were a huge success! The outpouring of generosity from our members and other attendees were truly heartwarming. We are so grateful for the support and for helping us make a difference in the lives of our communities.

LOOKING AHEAD

Challenges

Chapter Executive Committee Participation

- Active participation on the Chapter Executive Committee remains a challenge. While many positions have been filled, a few remain open and Committee members take on multiple roles to fulfill the responsibilities of a full Committee.

Decrease in Revenue

- The Chapter continues to face challenges related to decreased revenues. Reduced revenue creates challenges for the Chapter to sustain its activities and continue to provide services to our members.

A Look to the Future

Recruit!

- The Chapter continues to recruit new members to actively participate in the Chapter Executive Committee. New members will bring fresh ideas and allow the Chapter to create a succession plan for existing Committee members.

Professional Development Training

- We pride ourselves with the educational opportunities we bring to our community. In addition to the monthly speakers, a goal is to develop an annual professional development training to provide valuable information and resources to help better understand recent and relevant issues faced by government employees and officials.
