Get to Know March Speaker

Topic: Data Analytic, a Tool of the Inspector General

On March 17, 2010, Kathleen S. Tighe was sworn in as the inspector general of the U.S. Department of Education (ED).

Tighe has a long and distinguished career in government accountability and a wealth of experience in fighting fraud. Prior to taking the helm at ED's Office of Inspector General, she was the deputy inspector general of the U.S. Department of Agriculture. From 1995 to 2005, she served as counsel to the inspector general at the General Services Administration (GSA) and, before that, as an assistant counsel for the GSA Office of Inspector General.

From 1988 until 1991, Tighe was a trial attorney in the Fraud Section of the Commercial Litigation Branch of the Department of Justice. She litigated cases under the civil False Claims Act representing various government agencies. Prior to her government service, Tighe was in private practice with the law firm Lewis, Mitchell & Moore.

Tighe also has played an active role in the operations of the Council of the Inspectors General on Integrity and Efficiency (CIGIE), the umbrella organization for all federal inspectors general, established by Congress to address integrity, economy, and effectiveness issues that transcend individual government agencies. She currently chairs the CIGIE Information Technology Committee and is a member of CIGIE's Audit Committee.

Tighe has lectured frequently to both government and private organizations on issues relating to fraud, waste, and abuse in government programs. In 2014, she was named by the Institute of Internal Auditors as one of the most influential professionals in government auditing.

Inspector General Tighe serves on a number of interagency committees, including the DATA Act Interagency Advisory Committee, which provides strategic direction to support the implementation of the Digital Accountability and Transparency Act; and the Government Accountability Office's Domestic Working Group, which advances accountability in federal, state, and local government. In 2011, Tighe was appointed by President Obama to chair the Recovery Accountability and Transparency Board, a position that concluded in 2015.

Tighe earned her law degree with honors from George Washington University (J.D., 1983) and a master's degree in International Relations from American University (M.A., 1979). She graduated with distinction from Purdue University (B.A., 1976), where she was a member of Phi Beta Kappa.

Certified Government Financial Manager (CGFM) Committee Updates

by Robbie Jordan

March is proclaimed CGFM month. This is a great time to make the commitment to get your CGFM Certification and the AGA DC Chapter is here to help you get started. This year we are offering an Exam Rebate Initiative.

Exam Rebate Initiative – Take the exam and pass it during the months of February, or March and we will reimburse you the cost of your exams! You must submit the passing certification per module in order to qualify for the rebate. Reimbursement cost for each exam is \$125!

March is CGFM Month

Since its inception in 1994, the Certified Government Financial Manager (CGFM) designation has become the standard by which government financial management professionals are measured. Its education, experience and ethics requirement have served to elevate the most seasoned financial professionals. The CGFM is the first certification broad enough to cover the whole field of government financial management-federal, state and local. It measures a wide range of knowledge and skills that a professional needs to succeed in the federal government financial environment, or to meet the unique challenges faced by state and local government financial managers. To recognize the CGFM Program and its accomplishments, AGA has declared the month of March of each year as "CGFM Month".

Be sure to visit the AGA DC CGFM table at the March luncheon to help celebrate CGFM Month!
