How Are We Doing?

<p>Strategic Goals:</p> <p>Provide members with quality programs, products and services</p> <p>Provide continuing education to meet the changing needs of the government accountability profession</p> <p>Provide opportunities for members to serve the chapter and gain leadership experience</p> <p>To promote AGA's CGFM program</p> <p>To promote community service</p> <p>To increase membership</p> <p>Significant Accomplishments:</p> <p>Education</p> <p>Community Service</p> <p>Developing Leaders</p>	<h3>Education</h3> <ul style="list-style-type: none">• Each fall, the Central Ohio AGA presents the Professional Development Training (PDT) which offers an excellent slate of speakers and a wide range of break-out sessions. Last year, our annual PDT provided 16 CPE hours to over 200 attendees.• The Chapter offers CPE sessions throughout the year. Each session ranges from one to eight hours and are free to members registering in advance. During the last fiscal year, we provided a total of 44 CPE hours. <h3>Community Service</h3> <ul style="list-style-type: none">• This is the first year COAGA volunteered to serve meals to families at Nationwide Children's Hospital's Ronald McDonald House. Although we had a small group of volunteers it was nice to branch out to a different organization and expand our network. As always, volunteering to assist children is a gainful experience for everyone involved. The volunteers had a chance to work side-by-side with the chef to prepare the meals for the kids and their families staying at the Ronald McDonald House. We had some new volunteers from different government organizations, so we are hoping this expands our volunteer list going forward. This is an event we will continue to do going forward!• During the last year, the Chapter had over \$4,000 in donations! <h3>Developing Leaders</h3> <ul style="list-style-type: none">• The Chapter has an ongoing commitment to providing diverse leadership opportunities to our members. From one-time roles at our Professional Development Training to a multi-year position on the Chapter Executive Committee, we believe that our members' successes and experiences in these endeavors better prepare them to seek out additional leadership opportunities in their professional lives.
