

PROFESSIONAL DEVELOPMENT TRAINING

January 19, 2022 | 12:00pm – 4:00pm

Group Internet-Based

#	Session #	Speaker(s)	Session Title and Description	Time	Field of Study	Duration	CPE
Attendee Check-In/Communications Check 11:50am – 12:00pm							
1.		Carla Flores, CGFM AGA Dallas Chapter President	Opening Remarks	12:00pm - 12:10pm		10	
2.	0122-01	Loren Schwartz, CPA, CISSP, CISA Partner Cotton & Company Matt Gorman, CPA Partner Cotton & Company	Mobile Device Management: Opportunities to Strengthen Data Security and Identify Cost Savings. As the use of mobile devices, such as phones and tablets, proliferates across organizations, so does the administrative burden, costs, and vulnerabilities associated with these devices. However, organizations struggle to control their mobile device programs in many critical areas, such as monitoring of plans and device usage; managing of device inventory; developing policies and procedures for mobile device program; and securing phones, applications, communications, and data. This presentation will discuss steps that organizations can take to strengthen data security and identify costs savings associated with mobile device programs.	12:10pm - 1:50pm	Information Technology	100	2
Break and Raffle Drawing 1:50pm – 2:00pm							
3.	0122-02	Terrance W. Perry Director Office of Grants Services Office of Financial Resources Office of the Chief Operating Officer Centers for Disease Control and Prevention	A Behind the Scenes Look at the CDC's Response to COVID-19. COVID-19 has interrupted and rapidly changed the primary ways in which agencies and society interact and how governments work to provide services to citizens. Purpose of this session is to share how CDC responded through Grants management adjustments for the resulting public health emergency and economic crisis all with a completely virtual workforce.	2:00pm - 2:50pm	Accounting	50	1
Break 2:50pm – 3:00pm							
4.	0122-03	Fola Ojumu, CPA, CISA, CSM, CPO Partner Kearney & Company	Artificial Intelligence and the Federal Government: A 70 Year Old Love Story Still Going Strong. Artificial Intelligence is certainly not new to the Federal Government and actually research into it has existed since the 1950s. In fact, in the United States the longest, most consistent and high volume investor into AI has been the U.S. Federal Government. This is a discussion of how much of the research into Artificial Intelligence that has been completed at universities and corporations and most of the training of AI researchers has been funded by the Federal Government, primarily the National Science Foundation (NSF) and the Department of Defense (DoD).	3:00pm - 3:50pm	Information Technology	50	1
5.		Melinda DeCorte, CPA, CGFM AGA Dallas Chapter NCC Representative and NGB Area 3 Chapter Director	Closing Remarks	3:50pm - 4:00pm		10
