I loved the stats speaker, but would have loved more guidance on how to select good samples rather than behind the numbers. All other speakers very relevant - Unsure why spent so much yellowbook time

~~Suggestions for future topics and/or speakers~~ discussing things that won't be in final

Ethics class very engaging and interesting!

*Enjoyed the Sampling for auditors;
 IT Controls for Non Auditors' great
 yellow Book on Point! Dave Cotton's presentation
 was excellent...
 the interaction for good idea...*
