

Speaker Biography

Robert Grabowski is a Senior Manager with Deloitte Consulting's Enterprise Operations practice specializing in digital transformations for CFOs and finance executives. He has over 18 years of experience applying financial management capabilities across the Public Sector, including the development, deployment, and operation of finance operating models and technologies. He has supported a wide-range of transformative efforts for finance executives, including ERP system implementations, analytics, reporting/ dashboard solutions, and most recently – process automation and cognitive capabilities.

He has extensive Robotic Process Automation (RPA) and Cognitive experience, delivering bots and automations across multiple Federal Government departments and agencies. Most notably, he was the lead for Deloitte in supporting the National Aeronautics and Space Administration (NASA) with the deployment of process robotics – the first Federal Agency to deploy a bot in production. He also was the Deloitte lead for the first server-based production automation at the Department of Agriculture (USDA).
